Introduction

CIVIC HEALTH ALLIANCE

Civic Health Alliance (CHA) is a non-partisan coalition of health and civic leaders allied around one common cause: the advancement of America's health through civic engagement in care settings and communities.

We formed Civic Health Alliance because the 2020 pandemic and presidential election cycle, along with previous elections, demonstrated the undeniable connection between civic engagement and health outcomes. Building off of our efforts with VoteHealth 2020, Civic Health Alliance leverages the unique voice and positions of health professionals to encourage their peers, patients, health systems and communities to remain civically engaged around issues that protect health and wellness.
